With reference to the above, the Dy Comm^r submits* a corrected & revised statement* (Hereto attached) of the inam lands endowed to (1) Sreepatheswara, (2) Bhairavadevaru (3) Vishneswara (4) Gopaleswaru & (5) Veerabhadradevaru temples, to the extent of 243 acres 35 guntas, assessed at Rs 496, subject to payment of Jodi &c amounting to Rs 71-6-0.

report-No 4035/410 31st January 1905 & 7th. } slip T

The enquiry ordered in para 7 of the Govt order above referred to regarding the alienation of the inam lands was made & on the failure of the alienees to produce documentary evidence, the lands were brought under the temporary management of Govt & disposed of to the benefit of the institn. Huildar Mr A Krishnasamiengar is reported to have taken pains to bring the institn.

to workable order, and to enlist the sympathy of the devotees who have contributed Rs 3000/- for the celebration of the car festival.

The inam lands of the institution are proposed to be disposed of as under :—

i) Minor Servicedars to enjoy the respective service inams ~~at~~ assessed at Rs 84, paying the Jodi &c due thereon.

ii) Lands assessed at Rs 119-12-0 to be enjoyed by the Archaks for rendering service, receiving also the cash grant of Rs 1-3-2 per mensem

iii) The remaining extent of land assessed at Rs 272-4-0 appear to have been leased out on Kandayam or Sthraya tenure by which a progressive income is assured to the temple

The proposal made in clause (ii) above is stated to be very necessary to secure the services of the Archaks, & for the punctual & efficient performance of Puja &c two Archaks are reported to have been appointed. The devotees have

Muzrai Secretariat. | File No. of 190

actually paid Rs 1600 and the balance of the promised contribution will also be collected. The total of Rs 3000 will be invested and the interest utilized for the celebration of the car festival. Permission is solicited to ~~hold~~ celebrate the Rathotsava A cattle fair is also proposed to be held, but this year the D.C. is of opinion that no fees need be levied on them. In regard to the repairs required to the mattu, the local officers are very strongly of opinion that the mattu deserves special consideration & they accordingly recommend that the cost may be kindly sanctioned out of the State grant On receipt of orders, the D.C. promises to submit a regular estimate

In order to prevent any future complaints regarding his having leased out the temple Inam lands as stated in iii) on page 17 above, the Deputy Commissioner was requested to submit* full particulars showing the Survey Nos of the alienated lands of the Institution, the name of the alienee and as to what he had to say in the matter of restoring them to the Institution, so as to enable Govt to dispose of the question on the lines laid down in their Notification of the 17th November 1877, in regard to the resumption of the alienated Inam lands. The Deputy Commissioner was also requested to report (1) how the additional Archak newly appointed for performing puja in the temple is being remunerated, (2) whether the balance of the promised contribution had been collected, (3) whether the car-festival was celebrated in February last as was arranged, and if so, with what result; and to submit an estimate showing the various items of works

proposed to be carried out to the temple

* His No 5847/565, dated 27th April 1905.

* The reply of the Deputy Commissioner has been received in which he says

(1) that the festival was not celebrated in February last but has been postponed to the x Vaisakha Suddha Pournami (ie the 9th May 1905,) on in accordance with the the practice obtained in the temple as is seen from the temple accounts of 1833;

(2) that the temple which is a grand structure is in a fairly good condition, but that the roof leaks badly which he states may be repaired at an estimated cost of about Rs 900;

and (3) that the devotees have subscribed Rs 3208 in view to form a permanent fund for the Rathotsavam expenses, out of which Rs 1,405 have been collected and invested in the Savings Bank, [Rs 1600 were however reported to have been collected from the devotees, Vide page (18) of this Note.]; He proposes

(1) that the list submitted by him of devotees who have already

Muzrai Secretary's remarks:—

This matter is being pressed by the Deputy Commissioner since last year. The lands of this temple have all been attached and are being managed by Govt. The devotees and the Amildar seem to be taking interest and trying to improve the temple affairs and have collected a sum of Rs 1405. Under such circumstances, it seems desirable to help the institution by sanctioning the proposal to have a light tax on cattle and ~~the~~ shops as is done elsewhere.

A draft conveying sanction is herewith submitted.

Deputy Commissioners
Kolar District
Dated 31st January
1905

From

M. P. Puttanna Chetty Esqr.
Deputy Commissioner
Kolar District

To

S. Anantasamy Rao Esquire B.A.
Secretary to the Government
of Mysore, Mysore Department

Sir,

With reference to Govern-
-ment order No. 1730-1 dated 12th
December 1903 calling for a detailed
report on certain points in connection
with Sreepatheswara Swami temple
at Seethi in the Kolar Taluk, I have
the honor to submit herewith the
file of Vernacular papers on the
Subject ending with Assistant
Commissioner Mr. M. R. Sreenivasa
Iyengar's Memo No: 1267 dated 16th
January 1905 which furnishes information
on

on the points referred to in the Government order.

2. The extent of lands endowed to Sreepatheeswara and other temples as now stated in the Amildar's report slightly varies from that mentioned in the statement appended to the Government order under reply. The statistics now furnished are in accordance with the quit-rent Register for the 5 institutions as shown in the appended Statement. These 5 institutions are endowed with Inam lands to the extent of 243 acres and 35 guntas assessed at Rs 476 subject to the payment of Jodi, Local and Irrigation cess amounting to Rs 71-6-a.

3. After the receipt of the Government order, notices were issued to the alienees to produce proper evidence to show how and when

when, these Inam lan
their possession, but as they
to produce any, the Amildar
of the Taluk, Mr. A. Krishnaswami
Iyengar, brought them all under
the temporary management of
Government and disposed of them
in a manner profitable to
the institution, the details of which
are furnished in another para.
4 The Assistant Commissioner
in charge of the Taluk gives credit
to the exertions of the Amildar
Mr. A. Krishnaswami Iyengar
who took pains in bringing the
institution to something like working
order; as well as in bringing under
cultivation a large portion of temple
Inam lands which had not been
brought under the plough for many
years past.

5. The Amildar also enlisted the

sympathy

Sympathy and cooperation of the people of Seethe and other neighbouring Villages, and those persons Voluntarily came forward with liberal contribution to form a permanent fund for the celebration of the annual Rathostchavam which on this date amounts to Rs 3000/-.

6. The Assistant Commissioner in charge of the Salem opines that the lands brought under the temporary management of Government (Vide para 3 supra) should be disposed of in the following manner—

A. The minor Servicedars as Specified in the accompanying Statement to continue to enjoy the Inam lands attached to their respective Services assessed at Rs 84

Subject

Subject to their performing legitimate duties to the institution and also to their paying jodi; Local and Irrigation cesses on the above lands.

B. The Archaks who were hitherto enjoying more than half the total extent of the Inam lands endowed to the Seethe temple without making any endeavours to restore the institution, to continue to enjoy lands bearing an assessment of Rs 119-12-0 only and bind themselves by agreements to render regular Service in the temple and to pay to Government annually the jodi, Local and Irrigation cess on the extent of lands and also receive the cash allowance of Rs 1-3-2 which Government pays monthly to the institution.

C. The remaining extent of lands

bearing an assessment of Rs 272-1,- which was realised from the aliences and which were lying fallow for a number of years was leased out to the ryots of the Villages near about Seethi for cultivation, some for full Kandayam and the rest on progressive rates of assessment according to the condition of the lands.

7. By this arrangement the income assured to the institution was as follows:-

	R-A-P
1903-1904 ———	111-15-6
1904-1905 ———	139-7-6
1905-1906 ———	169-7-6
1906-1907 ———	234-3-6

8. Thus it will be seen that excluding the lands given to the Archaks and other servants the remaining

remaining extent of
-ed to yield its full income
from the year 1906-1907

9. There still remains 10 acres and 29 guntas of banjar lands assessed at Rs 20/- to be disposed of, for which attempts are being made by the Amildar.

10. The Government order under reply directs that the whole of the Inam lands should at once be brought under the management of Government and after a period of one year the question of remuneration to be paid to each Servant should be considered. If we had had to wait for one or two years until sufficient funds accumulate for the repairs of the building, the institution which has been brought into working order will have to

be

be closed for the present and all the arrangements made have to be abandoned. To avoid the risk of allowing the institution to relapse into the old order of things and the temple Servants quitting service and going elsewhere in search of employment, it was thought necessary to allow them to enjoy a portion of Inam lands for their Service, reserving such of the lands as were considered necessary for them

11. The temple being situated on a hill, it was considered a difficult task for one Archak to climb the hill twice a day to perform the puja to the deity. To get over this difficulty and to make suitable provision for the performance of pooja during the absence of any one of the Archiks owing to illness or other

other causes, two Archaks appointed. Thus it will be seen that all arrangements necessary for the efficient and punctual performance of pooja and other services to the temple have been satisfactorily made and that a large extent of Inam land has been brought under Govern-ment management and leased out to the best advantage.

12. Amildar Mr. A. Krishnaswami Iyengar took much interest in infusing a spirit of devotion and earnestness in the minds of the people which resulted in a sum of Rs 3000 being contributed by the devotees and out of which a sum of Rs 1600 has actually been collected and deposited in the Government Savings Bank. It is hoped that the balance of the promised amount will be collected ere

are long.

13. The contributors do not wish that this sum should be utilized for the repairs of the temple but applied to the car-festivals and its attendant Ceremonies and they solicit that sanction may be accorded to the celebration of the Rathoschavam during the ensuing "Jagha" and a sum of Rs 75 out of the collections for the year 1903-04 viz: Rs 111-15-6, may be permitted to be utilized towards the purpose and that a committee consisting of respectable and influential men who have paid liberal contributions may be appointed

14. As regards the revival of the Rathoschavam and the holding of a Jatra, I beg to state that they may be permitted to be celebrated

thes

this year, the question of
fees on cattle to be being deferred
for the present. The time of
Car festival is a very important
occasion from a popular and
religious point of View in as
much as it will give an oppor-
-tunity for people from different
parts of the District to come together
for a common purpose, when
they can freely exchange their ideas
and adopt measures which
might serve the end in View.
Further a large concourse of people
on such occasions will not fail
to evoke in them a Spirit of real
devotion. The devotees have already
come to realize their Sense of duty
in this matter and they are now
all enthusiastic in restoring this
ancient institution. When the
people are so keenly alive to the
importance

importance of the subject, it seems to me that their prayer for the revival of Rathoschavam deserves consideration. I have therefore issued orders for the celebration of Rathoschavam during the approaching Imasha (i-e February 1905) provided that there is no plague in the Sorrounding Villages and that the expenses of the occasion are met by the devotees themselves. If Government see no objection, the Sum of Rs 75/- may be granted out of the amount in the Savings Bank

15. No formal committee need be appointed at once. The persons named by the Assistant Commissioner and such others as take interest in the temple may be

asked

asked to manage the busen
and after watching the result
of 2 or 3 years working, eligible
persons from among them will
be selected and their names
reported to Government for being
published in the Official Gazette
16 The last question requiring
decision is the restoration of the
temple and the funds to meet
such restoration. No doubt pooja
is now carried on and so long
as the poojaries are not disturbed
of their possession of Inam lands
they will hold on. From the
Assistant Commissioner's memo,
I understand that he wants
State aid to defray the cost of the
immediate restoration of the temple
in consideration of the institution
getting gitta amounts from
lands now made over to ryots
for

for a series of years. This suggestion seems fair and if it commends itself to Government, the proposal may be approved.

17. As soon as the orders of Government are received, needful steps will be taken to prepare an estimate for all urgent repairs and to submit the same for sanction.

I have the honor to be,

Sir,

With reference to clause 2 par 3. of your docket No. 3640 dated 1st April 1905 enquiring whether the Rathotsavam of the Sri Sripatheswara Swami on the Seethi hill in the Kolar Taluk was celebrated in February last, I have the honor to report that the Utsavam was not celebrated in February, as the devotees wished to have it on the day of Vaisakha Suddha Pournami (ವೈಶಾಖ ಶುದ್ಧ ಪೌರ್ಣಮಿ) i.e. Friday the 19th Proximo, on which date, according to the Temple old accounts of 1833 Linga produced by the Shanbho. it

it was being celebrated in times. The Agamik Nanjunda Deekshitar who was consulted in the matter was also of the same opinion. This being the first year of the revival of the Rathothsavam, the Agamik arrangements have to be settled and I request you will be so good as to depute the Agamik Nanjunda Deekshitar to come here by Amavasya next (ie 5th May 1905).

He has been informed

2. I inspected the temple on the 3rd instant. It is a grand structure on the top of a hill. It is in a fairly good condition and puja is regularly performed in it. The roof of the temple leaks badly and needs immediate repairs at a cost of about Rs: 900/-. As the temple has no funds to meet the charge I request permission to hold a cattle fair at the foot of the hills and levy fees at such fair at the rate

rate of 2 annas per pair of bullocks and 2 annas to 4 annas per shop. There is facility for water and the fair may be conveniently held on the extensive Kharab lands around the hill and the collections, if sanctioned, will be utilized in due course, for the repairs needed to this ancient institution.

3. The devotees of the temple have subscribed a sum of Rs 3208/- in view to form a permanent fund for the Rathothsavam expenses - Of this amount a sum of Rs. 1405 has been collected and invested in the Savings Bank. I herein enclose a list of the devotees who have already paid up. I request that the list may be kindly published in Part II of the Kanarese issue of the Gazette.

4. I am confident that if a certain number

number of copies were to be
among the people who assemble in
the ensuing Jatra it will stimulate
further contributions and induce
the remaining subscribers to pay
up. I therefore request that 500 Copies
of the same may be kindly caused
to be supplied before the 10 of may

proposals for utilizing the income of Inam lands belonging to the Sreepathiswara Swamy temple on the Sethi Hill, for Rathotsavam etc

Summary

The Inam lands attached to the Sreepathiswara-swamy temple on the Sethi Hill have been brought under Govt. manegt. The lands have been given out on Kanjayam to receive a good income. The Auditor has sent in proposals to utilize for the 1st time, this income towards Rathotsavam, supplemented with the contribution to be paid by devotees. He has also sent proposals in the matter of repairing the temple and of levying fees at the time of jatra for the benefit of the temple. His proposals may be sanctioned.

Enclosure No.

Requesting early orders
on the Revival of Rathotsava
of Sri Prasannavaradaswamy
on the Kaivara Hill.

Kolar Depot Office
Dated 8th March 1906.

From,

K. S. Puttannachetty Esq.
Deputy Commissioner
Kolar District.

To, L. Ananthanarayana Rao Esq. B.A.
Secretary to the Government
of Mysore Agrl. Department.

Sir,

I have the honour to state that in my letter No. 5847/565 dated 29th April 1905, I solicited orders for the removal of Rathotsava of the Sreekantheswara Swamy on the Seethi hill in the Kolar taluk and for the levy of fees on cattle &c brought for sale and on sheep that might be held at the foot of the hill on that occasion. If the Government had accorded their sanction to my proposal the Rathotsavam would have been celebrated

last year and a certain amount of revenue would have accrued to the temple which is in urgent need of funds for meeting the cost of repairs to the several buildings.

2. The devotees and the people living in the surrounding villages are very earnest and enthusiastic in improving the condition of this ancient institution and the annual Rathotsava is the only occasion for the devotees to meet together to discuss the matter and to decide upon a course of action calculated to bring the affairs of the temple to a satisfactory state. It is with this object in view that I submitted my proposal last year. If the Rathotsava is not renewed, I fear the enthusiasm of the people will gradually cool down and it will be very difficult afterwards

to enlist the sympathy and co-operation of the people.

3 I therefore request that orders of government may be obtained for the celebration of Rathotsavas on Vysakha Suddha Pournami day (ie) on the 8th may 1906 and for the levy of fees on cattle &c that might assemble on that occasion.

4 I have submitted definite proposals on this subject in my letter dated 29 4 05. As the time for the Car festival is fast approaching and as the necessary preliminary arrangements have to be made before that time, I beg that early orders may be passed. —

I have the honor to be
Sir,

servant
